Figma

## Professional Experience

### Junior Frontend Developer

*Ambassadors*

May 2022 – present | Amsterdam, Netherlands

- migrating/rebuilding our rusty legacy app into a React 18 & Typescript-based one
- building dynamic web-based templates via HTML5, CSS3+ and Javascript

### Junior Frontend Developer

*Content Stadium*

Jan 2022 – May 2022 | Amsterdam, Netherlands

- built web-based responsive templates via Javascript & Typescript

### Sr. Technical Success Specialist

*SurveyMonkey*

Feb 2020 – Jan 2022 | Amsterdam, Netherlands

- helped develop an internal tool using React & Typescript to make theme creation accessible for non-developers
- created custom themes via Sass & LESS based on Figma & Sketch designs
- wrote custom code (HTML, CSS, Javascript) to help clients with their product implementation & integrations
- provided support regarding technical questions about our products

### Various customer support & catering roles

Jun 2016 – Jan 2020

- made mediocre coffee
- customer support via email/phone in English and Hungarian
- training & mentoring new hires
